501 SAFETY

Recognizing that this Cooperative, in the performance of its services, is responsible for the promotion of safety among its employees, members, and the general public; and, since this Board of Directors has an interest in providing for the safe working conditions of its employees.

The President & CEO is directed to provide safety in job training and a safe working environment for our employees and to maintain reasonable safeguards to protect life and property; and, to protect the Cooperative from material, equipment, and personnel losses resulting from accidents, incidents, and near-miss incidents.

The President & CEO is also directed to formulate safety regulations for our employees, to keep our employees continuously informed of our regulations, and to enforce the regulations. The guidelines in *The Electric Cooperatives of South Carolina Safety Manual* shall serve as the minimum standard of safe work practices for the employees of Palmetto Electric.

The President & CEO shall present a monthly safety activity report, either written or verbal, to the Board of Directors. The report will include safety activity of the Cooperative and reports on injuries and illnesses related to the safety program.

The President & CEO is also authorized to join and to work with local, state, and national safety groups whose aim is the prevention of accidents and the improvement of work habits.

502 CLAIMS AGAINST THE COOPERATIVE

In the event the Cooperative's negligence results in personal loss or an individual feels the Cooperative is responsible for such personal loss, a claim against the Cooperative for the incident should be filed by the injured party. A description of the event will be compiled, and a full and prompt investigation will be made by the Cooperative.

500 MISCELLANEOUS

503 CAPITAL CREDITS

Retirement of capital credits will be made upon approval of the Board of Directors as set forth in the Cooperative's bylaws. Such retirements will be consistent with good management practices and with the provisions of all debt covenants. Current and former members shall be treated the same for the credits being retired.

The estate of a deceased member may request early retirement of the deceased member's capital credits upon proper application and proof by the legal representatives of the member's estate. These retirements will be discounted through a present value calculation.

Any uncashed capital credits checks, either general retirement or early estate retirement, after 180 days of issuance will be considered unclaimed. The Cooperative will maintain the capital credits on its books and make an attempt to find the payee. The Cooperative will charge a dormancy fee beginning 180 days after the issuance of the retirement check to maintain the retired capital credit account and for its services in attempting to locate the payee. The amount of the fee is located in Appendix 600B, Provided Services and Charges, Unclaimed Capital Credit Account Maintenance.

The right to receive capital credit payments is dependent upon the member's compliance with member obligations, including the payment of all service and other charges due from the member to the Cooperative. In the event the member is delinquent or in default in payment of charges due to the Cooperative, or the member has otherwise breached or failed to comply with the Cooperative's member obligations, the Cooperative will withhold payment of capital credit payments to the member until such time as the member has cured the payment default or breach of member obligations.

In the event a member owes a delinquent account indebtedness or other debt obligation to the Cooperative, the Cooperative will apply any capital credit payments that would be due to the member as payment (full or partial, as may result from the payment) of the account indebtedness or other debt obligation, as a recoupment based upon member rights and obligations.

MEMBER ATTENDANCE AT BOARD MEETINGS

The Cooperative's ideal and policy is to permit member attendance and observation of the Board Meetings. By establishment of this policy, the Cooperative sets out conditions relating to member attendance and observation of Board Meetings.

A member, or members, desirous of attending a regularly scheduled meeting of the Board must notify the office of the President and CEO of the Cooperative not less than three (3) business days in advance of such meeting. Should a member desire to address the Board, a written request detailing the subject matter, must be submitted to the office of the President and CEO not less than three (3) business days in advance of the meeting. This will allow the Cooperative sufficient time to arrange for adequate meeting facilities and scheduling of the meeting agenda.

While the Board welcomes member attendance at regularly scheduled meetings, it must reserve the right to allow for executive sessions to discuss certain items as necessary.

POLICY O-24

USED POLES

It shall be the policy of the Cooperative to not reuse poles which are over ten (10) years old, or otherwise thought to be defective, once they have been removed from their original location. These poles may be given to the public by the employees who remove the poles, in which case the poles will be left on the ground adjacent to the holes from which they were removed. In the event that nearby property owners do not wish to have the poles, they will be returned to a Cooperative pole yard. Cooperative personnel normally shall not transport used poles, except to return them to the district pole yard.

Poles returned to the Cooperative yards shall be freely given to the public, however any and all Cooperative member requests will be honored before those of non-members, regardless of the order in which the requests are received. Prior to receiving a pole or poles from the Cooperative, a Treated Wood Release must be signed. Any remaining poles that are not given away shall be disposed of by the Cooperative's waste disposal vendor.
